

VAMSI LAVUDIYA

UI DEVELOPER FRESHER

2-144, kanneveedu,AP | +919951636582 | vamsilavadiyaa@gmail.com

PROFILE SUMMARY

As a passionate and detail-oriented UI developer, I am eager to bring my knowledge and skills to contribute to your team. With a solid understanding of front-end development concepts and experience working on various projects, I am confident in my ability to create beautiful, functional, and responsive user interfaces. I am proficient in HTML, CSS, and JavaScript, and have experience with popular libraries and frameworks such as React and Bootstrap. Additionally, I have a strong eye for design and enjoy collaborating with others to create intuitive and engaging user experiences. I am a quick learner and always strive to stay up-to-date with the latest trends and best practices in the field.

PROJECTS

Restaurant Web Application march, 2023 – march, 2023
FoodPlaza, chillakallu

- Designed the food menu website using HTML, CSS, JavaScript, and ReactJS with a focus on creating an intuitive user experience.
- Worked closely with the restaurant team to create an innovative and seasonally-focused menu, which highlighted locally-sourced ingredients and accommodated a variety of dietary needs.
- Wrote menu descriptions and blog posts that showcased the restaurant's unique culinary style and highlighted the local food community.
